## Disability Benefit Questionnaires

### What are Disability Benefit Questionnaires (DBQs)?

DBQs are streamlined medical examination forms designed to capture essential medical information for purposes of evaluating VA disability compensation and/or pension claims from Veterans or Servicemembers. Veterans Health Administration (VHA) clinicians will complete DBQs for compensation and pension examinations scheduled by VA. As always, VHA and VA-contracted clinicians conduct compensation and pension examinations at no cost. However, Veterans or Servicemembers also have the option, at their own cost, to have their private physicians complete DBQs to provide medical evidence on disability benefit claims.

Who is qualified to complete Disability Benefit Questionnaires? A private physician with an active medical license is qualified to sign and attest to completed DBOs. The physician must have sufficient medical expertise to conduct a medical assessment regarding the type of

### DBQ completed.

How are completed Disability Benefit Questionnaires submitted to VA? Physicians may mail or securely fax completed DBOs to the VA regional office handling the Veteran's or Servicemember's claim. Below is a list of VA regional offices and secure fax numbers. The Veteran or Servicemember may also submit completed DBOs directly to the VA regional office in support of their claim, including a Fully Developed Claim, which is an expedited process for a swift decision where the Veteran has provided all relevant evidence up front with submission of the claim to "fully develop" the claim (for more information, see <a href="http://www.vba.va.gov/fastclaims">http://www.va.gov</a> or call 1-800-827-1000 for the addresses of VA's regional offices.

### Will VA make these forms available for additional medical conditions?

Yes. VA is working on developing these questionnaires for a wide range of conditions, and they will be added incrementally. Check http://www.vba.va.gov/disabilityexams for the latest list.

Determining whether Veterans are eligible for SVH based on need for nursing home care (NHC) for their SC disability

Catastrophically disabled Veterans must meet eligibility criteria for admission to SVHs as per 38 CFR 51.41 - "Contracts and provider agreements for certain veterans with service-connected disabilities,"-

"(a)Contract or VA provider agreement required. VA and State homes may enter into both contracts and provider agreements. VA will pay for each eligible veteran's care through either a contract or a provider agreement (called a "VA provider agreement"). Eligible veterans are those who:

(1) Are in need of nursing home care for a VA adjudicated serviceconnected disability, or

(2) Have a singular or combined rating of 70 percent or more based on one or more service-connected disabilities or a rating of total disability based on individual unemployability and are in need of nursing home

# SERVICE CONNECTED DISABILITY

Are you a Veteran with a severe service-connected disability that affects your mobility? Do you know someone who is? If you answered "Yes" to either question, then you or someone you know may be eligible for the Specially Adapted Housing (SAH) grant program that is administered by the Department of Veterans Affairs (VA).

The SAH program helps certain severely-disabled Veterans and Servicemembers purchase or construct an adapted home, or modify an existing home, to create a barrierfree-living environment. VA offers two grant programs: the Specially Adapted Housing (SAH) grant and the Special Housing Adaptation (SHA) grant.

The SAH grant can be used to purchase or modify a home so that it provides a barrierfree living environment that affords Veterans a higher level of independent living. Veterans and Servicemembers with certain service-connected disabilities may be entitled to a grant up to the current maximum of \$67,555.

The SHA grant can be used to increase the mobility of eligible Veterans and Servicemembers throughout their home. Veterans and Servicemembers with specific service-connected disabilities may be entitled to this type of grant, up to the current maximum of \$13,511.

In addition to these two grant types, a temporary residential grant may be available to SAH/SHA eligible Veterans and Servicemembers who are or will be temporarily residing in a home owned by a family member. The maximum amount available to adapt a family member's home for the SAH grant is \$29,657 and for the SHA grant it is \$5,295. All grant amounts are indexed annually based on cost of construction, and the grant amounts will never decrease.

VA has staff located nationwide to assist individuals in applying for and receiving these grants. You can find more detailed information about qualifying disabilities here: http://benefits.va.gov/homeloans/adaptedhousing.asp, and you can find contact information for an SAH Agent in your area here: http://www.benefits.va.gov/HOMELOANS/contact\_agents.asp.

Veterans who have a disability that is not service connected may be eligible for enrollment to a priority group based on the severity of their disability. For example, veterans who acquired a catastrophic disability post discharge, such as a spinal cord injury, are eligible for enrollment in Priority Group 4. These veterans are exempted from co-pays for inpatient and outpatient healthcare and medications. They are also exempt for mon-institutional long-term health care. Other veterans are eligible for enrollment in a priority group based on when and where they served. Veterans who served in the Republic of Vietnam between January 9, 1962, and May 7, 1975, are eligible for enrollment in VA Priority Group 6. Veterans of the Persian Gulf War that served in the theater of combat veterans who were discharged on or after January 28, 2003, are also eligible for enrollment in Priority Group 6 for five years after their discharge or release. Other veterans who have incomes below certain income thresholds. VA Priority Group 8 is for veterans who have incomes above the current income thresholds and who don't otherwise qualify for enrollment in a higher priority group. Veterans who have incomes no greater than 10 percent of currently enroll as a member of Priority Group 8. Veterans who have incomes are not eligible for enrollment at this time. Many veterans who are enrolled in VA healthcare also have coverage through other healthcare programs and plans such as TRICARE (Department of Defense), Medicare, you should use VA's online health benefits explorer. Q3. How do I apply for enrollment in VA's healthcare system? A. Veterans can enroll in VA's healthcare system online, by phone, by mail, or in person. The form veterans must complete for enrollment is VA Form 10-10EZ. To apply online, visit: . To appl will be mailed to you for your signature.
